

**CAR WEIGHTS**

REBOXX car weights are engineered to bring assembled car weight close to recommended NMRA weight.

Weights fit exactly in the lowest cavities of the car yielding proper operating weight.

Each package contains weight(s) for 1 car (except for 130-18 which contains enough weights for 2 cars)

**All items on this page are \$4.00 each.**

**GONDOLAS**

Qty.	Item #	Description	Model Maker	Fits Kit Number Series
